

Detailed action: obviousness type double patenting

Claims 1-35 stand rejected for obviousness type double patenting over application 10/741,294.

The present application 10/750,636 (NAK-130B) and application 10/741,294 (NAK-130A) are commonly owned by n&k Technology, Inc. The assignment for 10/741,294 (NAK-130A) is recorded at reel/frame 014826/0571. The assignment for the present application 10/750,636 (NAK-130B) is recorded at reel/frame 014869/0982.

A terminal disclaimer of the term of the present application that would extend past the term of 10/741,294 is filed herewith, signed by Ron Jacobs, a registered agent of record. For the record, it is noted that this terminal disclaimer has no apparent effect, since application 10/741,294 and the present application were filed on the same day.

Establishment of common ownership and filing a terminal disclaimer should suffice to overcome this double patenting rejection of claims 1-35.

Detailed action: allowable subject matter

Claims 1-35 are indicated as allowable, provided the double patenting rejection is overcome.

Applicant appreciates the indication of allowable subject matter.
